FYI - if you need anything from me (even if it is to decline) let me know and I will. Essentially this is establishing clinics to offer the Texas Womens Health Program who are "life affirming."

Friends,

I trust you had a wonderful 4<sup>th</sup> of July.

The Source for Women in Houston is opening 7 life affirming medical clinics to replace Planned Parenthood services (over the next couple of years). The first medical clinic Open House is scheduled for the evening of August 16. (These life-affirming centers will plan to accept TWHF funds.) The Source cordially invites the Governor to attend and speak briefly.

Thanks for all you do for life!

Carol

We want to decline this event on 8/16 due to a schedule conflict. However, we would like to do these type of events. Do we know when they are opening any others? Do you have her contact info & we can handle? Or do you prefer to handle?
